The FORESTRY DEMO FAIRS - the network that develops the world's leading forestry fairs!

The world's leading "real" forestry fairs (trade fairs held in the forest with active demonstrations) have established an international network. The purpose is to increase the service and quality for visitors and exhibitors through exchange of experiences and co-operation. To increase the safety level at the fairs is also a common interest for the network members. For the exhibitors it also means a co-ordinated long term agenda. As a visible evidence of the work of the network, you can find the dictionary that you are holding in your hand online on the Internet: www.forestryfairs.com. The members of the network are continuously developing it. The members are (as of April 2000):

- APF, UK
- Austrofoma, Austria
- Demo, Canada
- Elmia Wood, Sweden
- Forexpo, France
- KWF, Germany

FORESTRY DEMO FAIRS – Das Netzwerk der weltbesten Forstmessen

Die leitenden Forstmessen der Welt, die im Wald mit live-Demonstrationen stattfinden, haben ein internationales Netzwerk gebildet. Durch Informationsaustausch und Zusammenarbeit sollen die Leistungen und die Qualität für Besucher wie auch Aussteller verbessert werden. Gemeinsame Anstrengungen zur Verbesserung der Sicherheit auf den Messen sind ein weiterer wichtiger Schwerpunkt bei der Zusammenarbeit. Für die Aussteller bringt das Netzwerk den Vorteil eines koordinierten Messekalenders mit sich. Als sichtbaren Beweis können Sie auf unserer Homepage www.forstmessen.com dieses Wörterbuch finden. Diese online-Datei mit Suchfunktion wird von den Netzwerkmitgliedern kontinuierlich erweitert.

Unsere aktuelle Mitgliederliste:

- APF, Großbritannien
